Attachments Quickbits® - Right Angle

P&N® Angle Driver is designed for power drills, for driving at 90° or where space is limited. Ideal for 2.4 Volt to 18 Volt cordless drills. It has all-metal housing and steel gears with ball bearing construction for durability.

The compact design (only 50mm wide) allows it to fit in tight spaces.

Accepts Standard 1/4" Hex Shank Bits

Side Support Handle
Can sit in positions between 0°, 45° and 90°

Gripped Stabiliser Arm
24 possible positions with two piece screwdriver bits storage

Heavy Duty
All metal housing and steel gears with ball bearing construction

Head Rotates 360°
Rated up to 500 in-lbs of torque with 2000RPM

Attachments Quickbits® - Quick-Cut, Shear

P&N® Quick-Cut Heavy Duty Shear Attachment transforms your power drill into a mighty sheet metal cutting shear. Lightweight aluminium housing provides portability and ease-of-handling to make fast straight, curved or square cuts.

Suitable for use in HVACR applications and in materials such as 18 gauge galvanised steel, corrugated sheets and 20 gauge spiral duct.

Switchable Support Handle
for both right and left-handed operation

Adjustable Clamping Device
Made from high impact plastic and fits most cordless or corded impact and power drills

1/4" Hex Shank
Fits most power and impact drills

Heavy Duty
SK 5 alloy steel blades ensures cutting performance in most sheet metal

Product Group: Z1007

Nibbler Replacement Die		107NIB003	9311744446988

Fast and clean, straight or curve cutting

Cuts across corrugated metal sheets

Helpful Hints

- Pre-drill a 12mm hole before starting
- Attach the Nibbler Attachment to a drill and tighten the chuck
- Set drill to the recommended speed between 1500–3000RPM
- Secure the workpiece with at least a 15mm clearance underneath the area of material to be cut
- Carefully move the nibbler attachment towards the starting point of the desired cut and engage nibbler head with the material, start to cut into the material
- Continue cutting through the material while keeping the nibbler attachment at a right angle to the material
